**RE: Submittal of Revised Reclamation Plan - Escalante Unit**

Dear Mr. Hedberg:

You will find enclosed two copies of revised text for the reclamation plan for Hecla's Escalante Unit. **This revision is to replace the text from the original reclamation plan submitted to your office in December 1990. Copies of the drawings, noted in the plan as enclosed, are not actually enclosed as they have not changed from the drawings already submitted.**

The reclamation plan has primarily been updated to reflect additions and modifications made to the original plan through various correspondence between the DOGM, BLM, and Hecla. However, the tables of data presented have also been updated to reflect the most current information available and there have been minor editorial changes through-out the text of the plan.

Please give me a call if you need to discuss the revised reclamation plan.

Very truly yours,

  
Gary R. Gamble  
Environmental Engineer
